LEADING the way

THE GIVING BRANCH

FUNDED BY THE EMPLOYEES OF FLAT BRANCH

The Giving Branch is completely funded by the employees of Flat Branch Mortgage, Inc. From the beginning, our main goal was to ensure that the money raised in the area goes directly back into the community—a portion to local organizations, a portion to the United Way, and most importantly, the majority to individuals. This support can be for anything from aiding in natural disaster recovery to covering unexpected hospital bills.

We aim to give back to the communities that have supported us for so long. Celebrating the ability to provide over $4.7M in grants to the communities served by Flat Branch is something we do daily.

Our distribution of funds to individuals and local organizations in need of financial assistance allows us to continually make a difference in our communities and provide help in extraordinary ways.

Since Inception:

30 Down Payment Assistance grants for a total of $100,000

917 nonprofit grants

,193 individual/family grants

3M funds raised

7M donated
